

8th - Workshop on Renewable Energy Sources and Nanotechnology: Renewable Fuel Production

www.WREN2018.ufpa.br

December 10th to 14th, 2018 – Belém/Pa, BRAZIL  WREN 2018  wren8th

The Workshop on Renewable Energy Sources and Nanotechnology (WREN2018) will gather experts from the various fields of energy science and engineering, and provide a platform for discussing their social and global impacts. The workshop will cover pertinent topics ranging from latest trends in renewable energy to novel materials for energy harvesting, storage and conversion. All participants will be exposed to the latest advances in sustainable-energy technologies and renewable fuel production, such as fuel cells, photovoltaics, CO₂ photoreduction and hydrogen production. All the themes will be inline with the current research activities at the Laboratory for Preparation and Computation of Nanomaterials (www.lpcn.ufpa.br), Federal University of Pará, Brazil.

- Prof. Dr. José Francisco da Silva Costa - Federal University of Para, UFPA, Campus Abaetetuba / Brazil
- Prof. Dr. Antonio Maia de Jesus Chaves Neto- Federal University of Para, UFPA / Brazil

Place: Institute of Juridical Sciences Auditorium / UFPA / Campus Guamá

Organizing Committee

- Dr. Antonio Maia de Jesus Chaves Neto (Chairman)
- Dr. Krishnan Rajeshwar - Unicamp
- Dr. Francisco das Chagas Marques - Unicamp
- Dr. Wolfram Jaegermann- TU Darmstadt
- Dr. Germano Tremiliosi-Filho - São Carlos, USP
- Dr. Kebler Roberto Pirota - Unicamp
- Dra. Fátima Nazaré Baraúna Magno – UFPA
- Prof. Abel Ferreira G. Neto - UFPA
- Prof. Jorddy Neves da Cruz – UFPA

Evaluation Committee

- Dr. Marc Koper - University of Leiden / Netherlands
- Dr. Pawel J. Kulesza - University of Warsaw / Poland
- Dr. Krishnan Rajeshwar - University of Texas – Arlington / USA
- Dr. Wolfram Jaegermann - TU Darmstadt / Germany
- Dr. Antonio Maia de Jesus Chaves Neto – UFPA
- Dra. Ana Maria Pereira Neto, UFABC
- Dr. Nielson Fernando da Paixão Ribeiro - UFPA
- Dr. Germano Tremiliosi-Filho - São Carlos, USP / Brazil
